The Shared Atomic Pointer

the lecture series C++20

Dr. Thomas Catalano

Warning: with the "capitulator-renpeculation beam" still inducing sever bodily harm via neural system for breathing and taught processing as in case of my 25 years plus the brutal past 5 years, I have been discriminated for scientific formula's, utility invention's, technical expertise, charismatic personality, exhilarating-by-presentation, to be harassed and obscured while publicly and privately known for the same as above.
Don't fall a victim by/to it, report it!

const <?>

STUDIO C12

Drawing No. 2
Rev. 3

Scale 1:1

Title

Blueprint

how your .cpp code needing the required steps of in-lining references causes the const operator to time out

So <?>

the time any one <??>
